IMPORTANT TRENDS IN RETAIL

- Many jobs and opportunities are part-time or non-standard hours of work (i.e. with late night, 24 hour opening and weekend work)
- Technology has had, and is continuing to have, a major impact on the sector, through the advent of online / multi-channel retailing, but also in the increasingly sophisticated IT systems major retailers use to manage their supply chains and in-store operations.
- Globalisation is also affecting the sector through the capacity to source goods from all over the world, and in providing opportunities to enter foreign markets.
- The majority of employment growth is expected to be in managerial positions.
- By 2022 the retail industry in the UK will need an additional 60,000 managers.
